ABOUT ME

I am Resqi Ageng Rahmatullah, a Junior Software Engineer specializing in fullstack software development. I thrive on embracing new technologies to stay at the forefront of industry advancements. In front-end development, I excel in JS/TS, including frameworks like NextJS and Sveltekit. In the backend, I am proficient in NestJS with Fastify/Express or Golang. My expertise spans multiple languages and tools within the modern web ecosystem. Programming languages are tools, and what truly sets me apart is my unwavering determination to adapt and learn.

EXPERIENCES

Sagara Technology (July 2023 - November 2023)
Backend Engineer Trainee

Open Source Community (January 2021 - August 2023)
Open Source Enthusiast

<https://github.com/resqiar>

President University (July 2021 - June 2023)
Bachelors Computer Science

PROJECTS

Resqiar.com (June 2023 - June 2023)
<https://github.com/resqiar/resqiar.com>

A personal website of mine that I developed for projects showcases, blogs, courses, community sharing, and more.

Resqiar.com (Golang Server)
<https://github.com/resqiar/resqiar.com-server>
Supportive server for resqiar.com web-app built using GoFiber

Algorithm Visualizer Application (July 2022 - February 2023)
<https://resqiar.github.io/algo-visualization/>

Visualize infamous many algorithms for showcase and learning purpose.

Binder (Binder Extension Project) (July 2022 - Present)
<https://github.com/resqiar/binder>

My personal binder extensions. Used to store additional data to organize my binder books.

AI Anime Recommender
<https://github.com/resqiar/anime-recommender>
Using collaborative filtering to get the similarity score between users.

The rest are available in my Github
<https://github.com/resqiar>

SKILLS

Back-end, Front-end, NodeJS, React, Svelte, NestJS, Database(s), Go, Rust.

CERTIFICATIONS**Certifications of Completion Android Developer Class**

Dicoding Academy

April 2020

The certificate does not really matter, what matter is this class is my first ever class of programming. Taught me lots of basic programming knowledges.

AWARDS**3rd Grade of National Web Design & Programming Competition**

University of Muhammadiyah 2 Semarang

October 2019
